

**ENCAPSULATED STAINED GLASS WINDOWS -
Energy Efficiency and Historical Quality - Combined!**

Established in 1897, the Glen View Golf Club is one of the oldest facilities of its kind in the Midwest. This historical clubhouse needed to upgrade its men's locker room, and called on Tiffany Stained Glass to provide new windows and framing. The new windows preserve the architectural style, afford light and privacy to the interior, and include an insulated feature that the old windows did not have.
